"Our office has been using Nu Radiance CLASSIC Teeth Whitening Products for the last year with fantastic results. We have had obvious shade changes up to 6 times the original color and haven't received any complaints regarding sensitivity. The products we've used in the past have either had little improvement in shade color or resulted in hyper-sensitivity. Our office and patients are very pleased with the Nu Radiance products!"

— Dr. Gaile Cerniauskas and Dr. Brett Anderson, Park Ridge Dental Associates
